

For partners, internal teams, and product use

[Download All i3 Logos](#)

Primary Brand Logo

- This is the main i3 logo and the default version for most uses.
- Use this logo in all marketing, website, partner, digital, and communication materials.

Color Hex: #00588F

No-Tagline Logos

- These are the official logo versions without the tagline, used when a clean, product-first identity is required.
- Two variants are provided:
 - i3 International Inc
 - i3 America (Nevada)

Color Hex: #00588F

Secondary Logo

- This version uses i3's dark blue brand color and is an alternative option for designs that require a more neutral, minimal, or premium look.
- Use this when the primary blue is not suitable for the layout.

Color Hex: #002447
